

RIM FORUM

The Federal Records & Information Management Forum

Collaborating to Modernize Federal Records & Information Management

Objective:

The day long forum will provide an opportunity for Federal records managers, FOIA/Privacy, Legal and IT professionals and others with information management equities to network, learn, and share best practices.

Brief Description:

The Forum will focus on topics within records and information management, including:

- Email Management
- Stakeholder Engagement
- Records Management Training
- Records Management Maturity Model
